We need a Woodworking shop and Frame shop in this community. We have to go to Schweinfurt for these facilities. There is no public woodworking studio in the civilian community here. The 417th ODR should do better advertising in the Stars and Stripes and Post Paper. Please don't spend money improving facilities on posts that are likely closing within 2 years. Please improve facilities at enduring bases, especially the smaller more isolated ones. Thank You

I feel MWR does a great job but their are some areas which need improvement, for explain we should be able to sign up for events on every base. We are stationed in Germany and we love to travel but I don't think MWR has many sightseeing trips, so we plan on are own. I feel using the Point Newspaper is a great tool to learn about upcoming events. MWR should sponsor more concerts with will known stars, being stationed so far away from home it's just nice to have a piece of home!

There needs to be more available hourly child care available for family members who work part-time or don't work at all. This is especially important during the deployments since this will have a direct affect on family members volunteering to help with the unit FRG or other activities or programs within the community. The BSB is always pushing volunteering and for people to help out, and more available hourly child care will greatly improve that push.

I think the overall prices have skyrocketed out of proportion, with the employees getting no additional pay for the services rendered. Staff is asked to preform overtime or work at other facalities with additional pay. All programs that I have been to are short on income (except tye Rod & Gun)due to the customers being deployed. I think after the merger with the 89th ASG and the 417th BSB there will not be so much inconsistancy coming from the top. In general it takes too long to get anything ordered (due to the DCA's request to cut inventory and wanting to go to catalog sales only) Most customers are touchy feely types of people.

All for now.

Hope it helps

I went to housing for assistance with finding a place to stay, but houses explained to me that they do not and cannot assist contractors. I was NOT trying to take away any services from the soldiers, but I do NOT speak the foreign language around here (same as the soldiers) yet I was turned away. The army does need our assistance during the wartime efforts, yet I felt left out when I need assistance from the army. This is NOT unique to this installation, but to all that I've been to, so I tend to NOT rely on help from the army. I am treated as if I am less than a person by being labeled as just a contractor. All I wanted was help in finding a place to live (no help with paying for my place to live or furnishing it). Even if the army requested that I pay for the services, I would have (out of my own pockets), but I found help from others local to the area. I am no longer disappointed with the lack of assistance. Somehow, this makes me feel that we (contractors) are not seen as people just because we did not take the oath of the soldiers, yet we still go to war with the soldiers and after the war, we are forgotten (no help....no assistance). I cannot imagine assisting the military on the war grounds much more since I have trouble finding assistance from the military.

I think that MWR does a great job servicing the soldiers and family members of the 417th and 98th ASG, however, for people in my age group there could be a better variety of activies such as yoga or stretching and low impact aerobics classes. Tours to museums or cultural centers instead of shopping malls and entertainment parks. Our golf pro shop is operated by Germans and the availability of products is very limited and those that they do have are extemely expensive. You can get everything much cheaper on the internet.

Thanks

I would like to see more classes offered in the Wuerzburg area for quilting, knitting, etc. I also would like to see more fitness classes offered. I realize that a class can only be offered if there is an instructor willing to teach, but it seems that the other communities in the surrounding areas offer such classes and we have very few if any.
